

A car of handpicked apples on track. Prices right. G. M. Cox & Son.

Miss Sutton is home from Manhattan. Hugo Kohl is the new clerk at the postoffice.

Mrs. K. C. Haas returned Tuesday morning from her visit to Kansas City.

Chris Wise has moved into his new residence in the north part of the city.

Ladies, see the new fall hats at Virmonds'. First showing Monday, Sept. 7th.

Prof. Shively and family returned Thursday morning from their vacation trip east.

Mrs. A. S. Hale and son have returned from their visit east and report a pleasant time.

Miss Nickles and Miss LoRee Cave have returned from their trip to Germany, safe and well.

Mr. and Mrs. John Starr of Pawnee City, Nebr., are here visiting his brother George and family of the Starr bakery.

Elwin Penney left Tuesday night for Denver, Colorado, where he will attend the Catholic college this fall and winter term.

Rose Burghart is here from Salina visiting relatives and friends. She will be here a week. Kate and Anna will go with her to Salina for a short visit.

Jake Pfannenstiel, living near Mun-jor, died Wednesday. He was one of the early settlers of Ellis County and was highly respected by all who knew him.

Mrs. Chas. Davis, wife of the democratic candidate for sheriff, died Tuesday, of appendicitis, and was buried Wednesday. Several from here attended the funeral.

The new well of the Hays water system, after considerable trouble and the expenditure of considerable cash, is expected to be ready for business next week.

Chas. Reidel has sold his interest in the business at the Pruitt livery barn and has moved back to the farm. Chas. had a splendid wheat crop this year. He intends putting in a larger acreage this fall.

Frank Fields has a bunch of six very fine Indian runner ducks (a drake and five ducks), which were hatched this spring. They are from imported stock. Mr. Fields will make this the nucleus for a large flock next year.

G. W. Meyer of the Cash Store, has a car of grapes on the track which he is retailing at 24 cents per basket. They are sweet and fine flavored, just the kind to make nice jelly. Better try about ten baskets.

WANTED.—A young man, fair education, part night work. Inquire at this office.

A. A. Welsner, is now the pleased possessor of a brand new Hudson six automobile which was driven up from Kansas City and arrived in Hays, Sunday afternoon. Joe smiles and smiles.

Miss McQueen, who will teach Latin and English in the Hays High School, arrived, Tuesday morning, from Boulder, Colo., where she has been spending the month of August.

The Kansas City Star of Monday announces that Dr. L. A. Marty has filed suit for divorce from his wife in that city. These parties lived here some years ago, and he was the coroner of the county.

Tuesday morning Adam Bahl took charge of the Frank & Sons meat market. Joe Frank will remain with the new firm until they get thoroughly acquainted with the patrons of the market.

Archibald Gassman was eight years old Wednesday and his parents gave him a party. A number of little folks were invited. The children were treated to cake, pop corn and other dainties as refreshments. The kids enjoyed a pleasant afternoon.

John Miller and Jack Hoffman were west bound passengers Monday night. John goes to Colorado Springs to visit Leland Ball for two weeks and Jack will journey on to Boise, Idaho, where he says he has a job working on an irrigation ditch.

Mrs. F. D. Fox, wife of General freight agent Fox of the U. P., is visiting from Kansas City this week, visiting Mrs. C. D. Baughman. When she returns to her home at the end of the week, Mrs. Baughman will accompany her. Mrs. Baughman will go from there to Excelsior Springs for medical treatment.

John Burghart Jr., of the Victoria vicinity, accompanied by a sister, went down to Salina one day this week, where John will take a course in Book-keeping and Shorthand at the Kansas Wesleyan Business College. John's friends will be glad to know of his safe arrival in the city and that he has begun his work in an excellent manner.

The primary is over, the votes all canvassed and Chas. Curtis has won the Republican nomination for United States Senator. The fact alone that Curtis made it possible for us to have our great Normal School and Export-Import Station, should prompt every voter in Ellis County to give him their vote at the November election. They owe it to him.

A car of handpicked apples on track. Prices right. G. M. Cox & Son.

Robert Smith, the traveling salesman for a Kansas City house, who has been living in Hays for several years, his territory having been west of the Missouri river, has been transferred to territory in Missouri and will make Kansas City his headquarters. He moved his family to their new home this week. Fred Huttie will move into the house vacated by him and Ward Sullivan, who is one of the teachers at the Normal, will occupy the house vacated by Huttie.

Mr. Clyde McMinden, who has been visiting here for several days with friends, returned to his home in Portia, Kansas. Mr. McMinden is a graduate of the Hays Normal and holds a position in an Osborne county high school.—McCracken Enterprise.

Western Kansas exchanges are rejoicing every week over the fine crops produced out there this season. They say, and it seems to be true, that Western Kansas has the best all round crops to be found in the state. We are all glad of it, glad to see those plucky people who have stuck to Western Kansas, win out.—Ex.

Rich Mulroy returned Sunday from his trip to the great lakes. He visited Chicago, Milwaukee and other cities of that famous country and we expect he partook, occasionally, of the beverages that have made Milwaukee famous, while in that city. Rich says he had a very pleasant and enjoyable outing.

FOR SALE.
I have 35 quarters of land in Kansas for sale on the crop payment plan. No crop no pay.
LOUIS BERNIS,
m9tt Hays, Kansas.

a2214 H. F. ADDISON, Manager

For Sale.
My residence on East Juniata street. A good eight-room house and two lots and a half; good well, cistern, barn and other out buildings, fruit and shade trees.
C. H. MORGAN,
a22 St Lock box 97, Hays, Kansas.

Hays September 15th.
Should you or your child have anything wrong with the eyes, ears, nose or throat or need glasses, make a date with Dr. M. Jay Brown, office in Watson Building, Salina, Kansas, or see him at Brunswick Hotel, Sept. 15th, Ellis 16th and Russell 17th.

Facts and Figures.
Tuberculosis is the important disease of cows from the standpoint of public health and it is also the most prevalent. It is so general that if a test were at once enforced all over the United States and all reacting animals destroyed a milk famine would ensue. The tuberculosis test has been found a more infallible means of diagnosing tuberculosis than any other disease of men or animals.

A cow may be "dangerously tuberculous" for months or even several years, before her appearance indicates she is not in good health.

Calfes from healthy cows fed milk—in some cases only a few days—from cows known to have tuberculosis were, when a few months old, found on a post mortem examination to have in every case contracted the disease.

Ten thousand babies under one year old die annually in the United States from tuberculosis contracted from tubercular cows.

Two per cent. of all the adults in the United States have tuberculosis contracted from cows.

There is in Kansas an average of about 100 deaths from tuberculosis every month.

The two great sources from which tubercle bacilli are disseminated are tuberculosis persons and tuberculosis cows.

The tubercle bacille in milk, cream, ice cream, butter and cheese are not on floors, or on pavements or places where they may or may not enter our bodies but are placed on our tables in food that are in most instances to be eaten raw. Common humanity impose the obligation of providing pure milk for our children as it is their principal food.

The dairyman is not alone to blame for impure milk. The price he receives is too low. If the money that now goes to druggists, doctors, undertakers and burial grounds directly through the use of impure milk could be diverted to the dairyman he would be amply paid for producing a wholesome safe milk and the entire community would profit by having better health, fewer deaths and less suffering.

The above statements were all taken from government bulletins and vital statistics reports which we have and are conclusions drawn from careful systematic investigation by experts.

Recent tests of Topeka dairy herds reveal a high per cent. of tubercular cows. In every section of the United States where tests have been made the disease has been found. Is there any reason for supposing that the dairy cows of Hays are free from tuberculosis? Very few dairy cows in or about Hays have ever been tested. There are cows here whose appearance even would indicate advanced stages of the disease—and their milk is being used. Are you going to risk it for your child? You can demand milk from tuberculous tested cows and you'll get it if you insist.
